INDEX TO VOLUME XXXII

1950

SUBJECTS

Adjustment problems in midwest agriculture, 788
  Discussion, 799
Agricultural ladder, what has happened to the, 30
Agricultural policy
  Coming developments in agricultural policy, 827
  Development of agricultural policy, 839
  Discussion, 856
  Our agricultural and trade policies, 159
Agricultural production, measuring the volume of, 604
Agricultural statistics
  As an aid to research, service, and administration, 858
  Current frontiers in farm price data, 865
  Discussion, 877, 879
Agriculture adjustments
  Adjustment problems in midwest agriculture, 788
  Discussion, 799
  Dynamics of farm adjustments in the South, 721
  Over-all adjustment in southern agriculture, 773
  Discussion, 786
Agriculture and industry, the machine process in, 69
Agriculture and the conditions of postwar trading, 814
Agriculture and world trade
  See World trade
Agriculture programs, developments and prospects in the European Recovery Program, 541
Agriculture, United States politics of, 571
Application of recent economic theory in agricultural production economics, 1125
  Discussion, 1156
Application of static economic theory to farm management problems, 1100
  Discussion, 1120, 1121, 1122
Appraisal of landlord-tenant relationship program, 1093

Bases of adjusting international trade in foodstuffs, 445

Central market quotations and country buying, 975
  Discussion, 988
Coming developments in agricultural policy, 827
  Discussion, 856
Commodity Credit Corporation
  Impact of CCC operations on farm market prices and market channels, 931
  Impact of CCC operations upon marketing agencies, 943
  Discussion, 1015, 1016
Conservation and utilization of resources, United Nations Scientific Conference on, 95
Conservation economics and policy, some fundamentals, 1182
Cooperative expansion through horizontal integration, 1031
  Discussion, 1058, 1060, 1062
Cooperatives
  Trends in cooperative expansion, 1019
  Cooperative expansion through horizontal integration, 1031
  Vertical integration of agricultural cooperatives, 1048
  Discussion, 1058, 1060, 1062
  Marketing agreements and cooperative marketing, some comparative aspects, 216
Cotton
  Cotton, planning in, 48
  Cotton price policy in relation to the domestic market, 738
  Cotton labor requirements, 752
  World prospects in cotton, 759
  Discussion, 770
Current frontiers in farm price data, 865
  Discussion, 877, 879

Dairy Farm Management Project, New England: an example of the operating unit approach to farm management analysis, 201
Demand and supply, short run, in the hog market, 624
Development of agricultural policy, 839
  Discussion, 856
Dynamics of farm adjustments in the South, 721
  Discussion, 735, 736

Economic changes in food manufacturing, 584
Economic prospects of the South, 709
Discussion, 735, 736
Economic theory, applied to farm management
Application of static economic theory to farm management problems, 1100
Limitations of static economic theory to farm management analysis, 1113
Discussion, 1120, 1121, 1122
Application of recent economic theory in agricultural production economics, 1125
Needed developments in economic theory as applied to farm management, 1140
Discussion, 1156
Relation of economic theory to the analysis of empirical data in farm management research, 1169
Some problems of joint use of theory and empirical data in farm management research, 1169
Economics of land classification for irrigation, 553
Establishing grades for farm products, problems in, 15
European Recovery Program; programs, developments, and prospects in agriculture, 541
Extension methods used in Landlord-tenant Relationship Program, 1076

Farm housing in the United States and recent farm housing legislation, 590
Farm Management
Application of economic theory to farm management. *See* Economic Theory.
New England Dairy Farm Management Project as an example of the operating unit approach to farm management analysis, 201
Farmers' adaptations to income uncertainty, 356
Federal Food and Drug Administration, influence of, in marketing, 969
Food manufacturing, some economic changes in, 584
Foodstuffs, bases of adjusting international trade in, 445

Government programs in tobacco, 894
Grades for farm products, problems in establishing, 15

Hog market, short run demand and supply in the, 624
How the Landlord-tenant Relationship Program was started; objectives, situations, and difficulties encountered, 1080

Impact of Commodity Credit Corporation operations on farm market prices and market channels, 931
Impact of Commodity Credit Corporation operations on marketing agencies, 943
Discussion, 954, 955
Impact of marketing agreements and orders on marketing of milk, 992
Impact of marketing agreements upon marketing of fruits and vegetables, 1006
Discussion, 1015, 1016
Influence of the Federal Food and Drug Administration in marketing, 969
Institutional methods of meeting weather uncertainty in the Great Plains, 391
International trade—*See* World trade
International trade in foodstuffs, bases of adjusting, 445
Irrigation, the economics of land classification for land and water programs in the Northern Great Plains, 431
Land and water development programs in the Northern Great Plains, 431

Knowledge for what in the Northern Great Plains; a symposium, 353
Farmers' adaptations to income uncertainty, 356
Stabilizing farming by shifting wheatland to grass in the Northern Great Plains, 375
Institutional methods of meeting weather uncertainty in the Great Plains, 391
Space as a social cost, 411
Land and water development programs in the Northern Great Plains, 431

Labor requirements, cotton, 752
Land and water development programs in the Northern Great Plains, 431
Land classification for irrigation, the economics of, 553
Land economics research, in retrospect and prospect, 1064
Landlord-tenant Relationship Program in North Carolina, 1076
Background, 1076
Objectives, situations, difficulties encountered in starting, 1080

Extension methods used, 1087
Progress by participating croppers, 1090
Appraisal, 1093
Discussion, 1099
Latin America, problems of landownership in, 258
Legislation, recent farm housing, 590
Limitations of static economic theory in farm management analysis, 1113
Discussion, 1120, 1121, 1122
Los Angeles and San Francisco milksheds milkers' unions, 458

Machine process in agriculture and industry, 69
Marketing
Central market quotations and country buying, 975
Discussion, 988
Impact of Commodity Credit Corporation operations on farm market prices and market channels, 931
Impact of Commodity Credit Corporation operations on marketing agencies, 943
Discussion, 954, 955
Impact of marketing agreements and orders on milk marketing, 992
Impact of marketing agreements upon the marketing of fruits and vegetables, 1006
Discussion, 1015, 1016
Influence of Federal Food and Drug Administration in marketing, 969
Market relationship and resource allocation, uncertainty of, in the short run, 240
Marketing agreements and cooperative marketing: some comparative aspects, 216
Role of market news in marketing and some problems, 958
Discussion, 988
Measuring the volume of agricultural production, 604
Milkers' unions of the San Francisco and Los Angeles milksheds; an inquiry into modern industrialized dairying and collective bargaining in agriculture, 458
Midwest agriculture, adjustment problems in, 788
Discussion, 799
Milk marketing, impact of marketing agreements and orders on, 992
Discussion, 1015, 1016

Needed developments in economic theory as applied to farm management, 1140
Discussion, 1156
New England Dairy Farm Management Project as an example of the operating unit approach to farm management analysis, 201
North Carolina, landlord-tenant relationship program, 1076. *See* Landlord-tenant, etc.
Northern Great Plains, knowledge for what, in the: a symposium, 353. *See* Knowledge, etc.

Operating unit approach to farm management analysis, New England Dairy Farm Management Project as an example, 201
Our agricultural and trade policies, 159
Over-all adjustment in southern agriculture, 773
Discussion, 786

Planning in cotton, 48
Politics of agriculture in the United States, 571
Postwar recovery of Western German agriculture, 1
Price variability confronting primary producers, reducing, 176
Problems in establishing grades for farm products, 15
Problems of landownership in Latin America, 258
Procedure for one year of work in Landlord-tenant Relationship Program, 1085
Progress made by croppers in Landlord-tenant Relationship Program, 1090

Reducing price variability confronting primary producers, 176
Discussion, 193, 196, 199
Relation of economic theory to the analysis of empirical data in farm management research, 1159
Resource allocation and market relationship, uncertainty of, in the short run, 240
Role of market news in marketing and some problems, 958
Discussion, 988

San Francisco and Los Angeles milksheds milkers' unions, 458
Short run demand and supply in the hog market, 624
Short run, uncertainty in market relationships and resource allocation in the, 240
Social cost of space in the Northern Great Plains, 411

Some aspects of research in the marketing of tobacco leaf, 907
Discussion, 923, 924
Some economic changes in food manufacturing, 584
Some fundamentals of conservation economics and policy, 1182
Some problems of joint use of theory and empirical data in farm management research, 1169
Southern agriculture
Strategic approaches to southern progress, 697
Economic prospects of the South, 709
Dynamics of farm adjustments in the South, 721
Discussion, 735, 736
Over-all adjustment in southern agriculture, 773
Discussion, 786
Space as a social cost; an approach toward community design in the sparsely populated areas of the Great Plains, 411
Stabilizing farming by shifting wheat land to grass in the Northern Great Plains, 375
Static economic theory
See Economic theory
Strategic approaches to southern progress, 697
Discussion 735, 736

Technological changes and the future of rural life, 225
Tobacco
Trends in the consumption of tobacco products, United States 1900–1950, 881
Some aspects of research in the marketing of tobacco leaf, 907
Government programs in tobacco, 894
Discussion, 923, 924
Trends in the consumption of tobacco products, United States, 1900–1950, 881
Discussion, 923 924
Trends in cooperative expansion, 1900–1950, 1019
Discussion, 1058, 1060, 1062

Uncertainty in market relationships and resource allocation in the short run, 240
Uncertainty of income, farmers' adaptations to, 356
Uncertainty of weather in the Great Plains, Institutional methods of meeting, 391
United Nations Scientific Conference on the conservation and utilization of resources, 95

Vertical integration of agricultural cooperatives, 1048
Discussion, 1058, 1060, 1062

Weather uncertainty in the Great Plains, institutional methods of meeting, 391
Western farm areas in two World Wars, 82
Western German agriculture, postwar recovery of, 1
What has happened to the agricultural ladder? 30
Wheatland shifted to grass to stabilize farming in the Northern Great Plains, 375
World prospects in cotton, 759
Discussion, 770
World trade
World trade and American agriculture, 801
Agriculture and the conditions of postwar trading, 814
World prospects in cotton, 759
Bases of adjusting international trade in foodstuffs, 445
Our agricultural and trade policies, 159
